Draft Collection Targets for KIQs 38, 39, 40 and 41 for our December 4 meeting.

I propose we minimize the number of subsidiary collection targets for each of these KIQs as these KIQs deal with specific issues or with specific countries. Also some of the KIQs are partially covered elsewhere. For instance, KIQ 39 as it concerns Thailand is already covered to some degree in the KIQ Strategy Report for KIQ 49.

KIQ 38. What are China's policies and activities toward maintaining and expanding its influence in the Third World, and do these policies contribute to disorder or stability?

Pay particular attention to those PRC activities detrimental to US interests.

DIA/DOD has suggested this target: <sup>A1</sup> Information on the nature and extent of PRC ~~(military)~~ aid, training and <sup>of</sup> ~~(direction)~~ <sup>influence</sup> to Third World governments and dissident groups, particularly those which <sup>are hostile to</sup> ~~(are hostile to)~~ US interests.

A second suggested target is: <sup>B1</sup> <sup>in + degree of influence on</sup> PRC support to Third World positions which <sup>are counter to</sup> ~~are counter to~~ US interests, ~~in international~~
